A FEW WORDS FROM THE VICAR.

The Vicarage, *July 31st.*

My dear Parishioners,

I must offer you my best thanks for the letter of welcome which I received, signed by so many of you, and for the kind expressions of sympathy and promises of support which it contained. You may feel well assured that it will be my continued endeavour to labour, under God's blessing, with you and for you.

Yours most sincerely,

HENRY BLIGH.

S. James' Day.—The Annual Treat was held, as usual, on S. James' Day, and all the children of the National and Sunday Schools were entertained to the number of upwards of 500. The day unfortunately was so thoroughly wet that it was found necessary, immediately after the 3 o'clock service, to march the children down to the School, where tea, cake and other good things were plentifully supplied to them. After the tea the continued downpour of rain necessitated an adjournment for the sports and races till the following day. Thursday proved finer, so the children assembled in the Vicarage grounds about 5 o'clock, and there, assisted by many kind helpers, the unfulfilled portion of the programme was run off. The Hampton Hill Band, in their scarlet uniform, enlivened the scene with their best music. In the absence of the Vicar, Mrs. FitzWygram kindly undertook the arrangements for the tea and amusements. The following is an account of the subscriptions received towards the cost of the entertainment:—

Flower Show.—The Hampton Hill and Hampton Horticultural and Cottage Garden Society held their Annual Show on Wednesday and Thursday, July 18th and 19th, and notwithstanding the weather it may be said to have proved a success. The thunderstorm on Wednesday afternoon was so severe that it was considered advisable to keep open the show during the day following, but the receipts were fairly good, and when the accounts are made up, it is believed that the Treasurer will be able to show a balance in hand. The beauty of the flowers and the quality of the vegetables did not seem to have suffered as might have been anticipated from the cold and wet which had been so general during the last 6 weeks, but the fruit did not show to the best advantage. The show, however, generally, was pro-

nounced by good judges to be well up to the mark. We cannot attempt anything approaching to a detailed account of the various exhibits, nor give the names of the successful competitors, or give the number of times that each one was called forward to receive a prize. The tent devoted to floral decorative art was, as usual, the centre of much interest, and much good taste was developed in this, the ladies' department. The wild flowers' stand, if not the grandest, was, at least, a very interesting feature of the show, and our little ones proved that nature even in our suburban districts is able to hold her own in the competition with art and skilful science of man. The honey show, held in conjunction with the flower show by the Middlesex Beekeepers' Association, was, all praise to the energetic committee who undertook to carry it out, a decided success. We are glad to see that the silver and bronze medals given by the British Beekeepers' Association, and open to all the County of Middlesex, did not go far away. The Hampton Hill Band was in attendance. The prizes were given away on Thursday evening, by Mr. H. Bowling. We must not omit to testify to the good work so successfully carried out by the committee, and especially the Secretaries, and to thank the judges for their kindly, but laborious task.

Hampton Hill Fire Brigade.—A meeting was held at Mr. Embleton's office, and it has been decided to form a Fire Brigade for Hampton Hill. A considerable number of the members of the Hampton Fire Brigade were present, and they expressed their willingness to help forward the movement and co-operate as far as possible. We heartily commend our new brigade to the support of the inhabitants of Hampton Hill.

Our Schools.—The Diocesan Inspection of our schools took place during the past month, and the Inspector, the Rev. B. Reynolds, gave a good account of them. The collectors will soon start on their rounds, and it is hoped that their appeal may be warmly responded to by all the residents in the parish, and that we may be placed in a position to go on without a School Board.

We are pleased to be able to reprint the following paragraph from a Wiltshire paper, about the good deeds of our old friend, the Rev. Frank Keene. "At Morton near Gainsborough, the mother of three children of tender years, says the *Leeds Mercury*, fell ill of smallpox, and was eventually removed to the Smallpox Hospital. No one of the neighbours volunteered to care for the woman or the children, and the authorities did not deem it their duty to interfere with the children. Under these distressing circumstances the Rev. F. Keene, curate of St. Paul's, showed that he has the true courage of a hero. He visited the woman's cottage for several days, doing the housework and dressing and giving food to the children, and putting them to sleep. Then, when the woman was removed to the hospital, he took entire charge of the house. At length his example stirred several ladies into action, and the children are now placed out among friends. That curate is a friend of the needy in their affliction. Mr. Keene, we may add, is a native of Salisbury."
